

INTERNATIONAL ENERGY COOPERATIVE (“IEC”)

IEC is a Galveston County, Texas, USA, DBA for TEXAS HOLDINGS, INC (a Nevada, USA, corporation)

IEC funds energy related projects and purchases offered by TEXAS HOLDINGS, INC to entities that are registered with www.employeegold.info

EMPLOYEE GOLD is a program offered by U.S. PROFESIONALES DE EL SALVADOR, S.A. DE C.V. (“USPES”) that is funded through UNIFORM ADVERTISING WEEK SERVICES (“UAWS”)

See <http://www.zcash.org/NEWS7004.pdf>

Registration with EMPLOYEE GOLD requires a purchase of a package of UAWS through LIVE ADVERTISING.

See <http://www.change2100.com/THIBMART/Live%20advertising.pdf>

Entities registered with EMPLOYEE GOLD may request funding for energy projects and purchases, offered by TEXAS HOLDINGS, INC, through the ANYTHING STORE.

See <http://www.chips-corner.com/ANYTHING%20STORE.pdf>

Each request must be accompanied by a referral to an INDEPENDENT CONTRACTOR working with the entity, which referral must purchase a LIVE ADVERTISING PACKAGE and register with EMPLOYEE GOLD.

See <http://www.change2100.com/THIBMART/WEBSITES/CONTRACTORS/contractors.html>

The INDEPENDENT CONTRACTOR would prepare documentation as required, and submit the request to a TEXAS HOLDINGS, INC BUSINESS MART CALL CENTER.

See <http://www.change2100.com/THIBMART/PURCHASE%20ORDER.pdf>

See <http://www.change2100.com/THIBMART/APPLICATION%20FOR%20A%20PRIVATE%20BUSINESS%20LOAN.pdf>

Processing of the request, if approved, would result in UNITED STATES DOLLARS value to satisfy the request being placed on deposit in an account for the party making the request in FIDES GESTION FINANCIERA, S.A. DE C.V., SOFOM ENR, in Monterey, N.L., Mexico.

See <https://www.fides.com.mx/>

Thereafter, MEDIUM TERM NOTES (“MTN”) owned by HOWSE SERVICES, INC., a Texas subsidiary of TEXAS HOLDINGS, INC may be used by INDEPENDENT CONTRACTORS to produce profits, 7.5% of which may be used to exchange for value deposited with FIDES to provide funds for the request in coordinates as may be requested.

Examples of such MTN may be reviewed at

<http://www.change2100.com/THIBMART/MTN-SANITIZED-SAMPLES/mtn-sanitized-samples.html>

The percentage of MTN profits that may be used to exchange for value deposited with FIDES to satisfy the funding needs for a request may be increased to 15% by the entity making the request referring a new entity that qualifies to issue MTN as per

<http://www.change2100.com/THIBMART/ADVP/contents/en-us/d194.html>

Qualification depends on acceptance by HOWSE SERVICES, INC and by FIDES GESTION FINANCIERA, S.A. DE C.V., SOFOM ENR.

For each MTN to be used in the process the INDEPENDENT CONTRACTOR must present a new LIVE ADVERTISING package purchase, made by the entity making the request or by a referral by that entity.

TEXAS HOLDINGS, INC offers energy projects, products, and services, acquired from suppliers such as the ENERGY EXCHANGE (www.enex.com), STAR OIL (Paramaribo, Suriname), ASSOCIATED OIL (Houston, Texas, USA), and FUNDACION PETRO ORINOCO (Australia).

IEC supports the implementation of innovative concepts such as those shown in <http://www.chips-corner.com/ENERGY/ENERGY1/poweravenue/poweravenue.html>

Note that, although the company in Delaware ceased operations and although the principal (Dr. Rocco Guarnaccia) is deceased, prior to these circumstances the outstanding shares of the company were purchased from Dr. Guarnaccia and later ceded by the purchaser to TEXAS HOLDINGS, INC; and, IEC is actively pursuing and ready to fund the implementation of the underlying technology by any party that may wish to do so.

Similarly, IEC is open to funding research and implementation of “clean coal”, solar, wind, and other innovative energy technologies, worldwide.
