

U.S. DOLLAR BACKED BY GOLD!

REVISION II

When items are acquired through www.chips-corner.com using USD, the USD is first exchanged for TICKETS-USD.

The TICKETS may then be used to exchange for any legitimate items sold by any legitimate vendor anywhere in the world.

As a result, in addition to acquiring the items, CHIPS equal to twice the value of the items would be registered by the Internet Catalogue Club on behalf of the Buyer.

The CHIPS may also be used, as per published protocols, to acquire equal value items through www.chips-corner.com.

The items requested in exchange for the TICKETS, depending on the vendor, may be delivered immediately.

Delivery of items requested in exchange for CHIPS, depending on the vendor, may be delayed until the CHIPS are converted to other currency by the vendor, as per:

“ZCASH, CHIPS, UAPN, IBOE, BVK CONVERSION” that can be found in the GIDEON’S GATE Portal of www.chips-corner.com.

Additionally, for a limited time, purchases of TICKETS – USD in blocks of 100 or more through the TREASURE CHEST Platform in www.chips-corner.com will be rebated 100%!

The rebate will be provided by THE BLUE MILLENIUM FOUNDATION depositing:

An equal value in BVK (the national currency of the nation of Bougainville, valued at 4 BVK per 1 USD, backed by gold):

Into an account owned by THE FOUNDATION with the International Bank of Meekamui (“IBOM”, see www.ibom.biz).

THE FOUNDATION will internally account for the BVK, holding it for the benefit of the TICKETS-USD Buyer, waiting for further instructions from the Buyer.

The Buyer may keep the BVK in THE FOUNDATION account with IBOM as a savings and hedge against economic difficulties.

The Buyer may establish a separate account with IBOM and request that THE FOUNDATION transfer the full BVK amount held for the benefit of the Buyer into the Buyer’s IBOM account:

Through this account a Buyer may negotiate with IBOM and/or with other banks to exchange BVK for other currency.

The Buyer may instruct THE FOUNDATION to acquire items through www.chips-corner.com (including gold and/or other currencies) with up to a 12 to 1 increase in BVK purchasing power:

Each acquisition instruction requires 120 new TICKETS-USD as these must be allocated for “back office” processing at check-out in www.chips-corner.com Portals.

Thus, a Buyer using USD to make an initial purchase through www.chips-corner.com by using TICKETS-USD can enjoy significant benefits of leveraged value, as provided thereby.

Instructions for THE FOUNDATION must be notarized or signed by a CENTER, and sent to THE FOUNDATION via email to rebateinstructions@change2100.com.

EXAMPLE

For example, an ICC Member may use \$10,000 USD to acquire 1,000 TICKETS-USD to be exchanged for Home Depot Gift Cards valued at \$10,000 USD:

From ROLAFAM through the ZCASH-LOCKER Portal of www.chips-corner.com

The Buyer would immediately receive the Gift Cards, plus CHIPS equal in value to twice the value of the Cards (i.e., \$20,000 USD in value).

The Buyer would also immediately receive the benefit of 100% of the value of USD expended (i.e., \$10,000 USD) in BVK (40,000 BVK) being deposited:

Into an IBOM account belonging to THE FOUNDATION.

The BVK may be leveraged up to \$120,000 USD in acquisition value that, when added to the acquisition value of the CHIPS already registered, could provide:

Total acquisition value, for additional (delayed delivery) items, of \$140,000 USD:

But, at least 120 additional TICKETS-USD would be required for “back-office” processing – which would also be rebated, providing 4,800 BVK.
